

Demystifying Networking
Prof. Sridhar Iyer
Department of Computer Science and Engineering
Indian Institute of Technology, Bombay

Lecture - 69
Introducing the analogy for week 4

Till now, I think we have developed a decent understanding of how network work. Now, I think we have to also discuss other important concepts like how to communicate securely, how to troubleshoot if a network breaks down.

So, this time I myself have a story about communicating securely on network and this story is about two secret agents Aditi and Balraj.

Interesting.

So, let us see how they secure their communication between each other. So, now, let us look at the animation.
